Disclaime

1. **Purpose and Use:** Drawings are prepared for the specific purpose of the project detailed and are intended for use only by the designated recipient(s). They must not be used for any other purpose without prior written consent. These drawings remain the property of Ashtro Ltd. All rights of copyright and other intellectual property rights must not be reproduced or distributed without written permission.
2. **Accuracy of Information and Site Conditions:** While the drawings are intended to accurately represent the accuracy of information provided in these drawings, users of these drawings should verify dimensions, levels, and all site conditions prior to construction. The Principal Designer must ensure that the accuracy of the information provided is maintained. No reliance should be placed on scaled measurements.
3. **Regulatory Compliance:** These drawings must be used in conjunction with all applicable UK legislation, including but not limited to the Building Regulations, Planning Permission, and Health & Safety standards (e.g., CDM Regulations). Compliance with all applicable regulations remains the responsibility of the contractor(s) or any other party using these drawings.
4. **Liability:** The issuer accepts no liability for inaccuracies, misinterpretations, or errors arising from unauthorised changes or use of these drawings. Users must ensure that any modifications or updates are made in compliance with the approved design, statutory requirements, and any conditions set by the Local Authority.
5. **Third-Party Involvement:** These drawings may incorporate information from third parties (e.g., structural, mechanical, or electrical consultants). Responsibility for verifying the accuracy and compatibility of this information lies with the user and the contractor.

Construction Risks	Maintenance/cleaning Risks	Demolition/adaptation Risks
In addition to the hazard/risks normally associated with the types of work detailed on drawing take note of the above. It is assumed that all works on this drawing will be carried out by a competent contractor working, to appropriate Risk Assessments and Method Statements.
